

We believe it's important to care about what people say about us. Our clients often tell us that they really value receiving the same excellent level of service at Girlings long after they have made their initial purchase. Not all hearing aid providers offer this.

To find ways to improve our high standards even further, we would appreciate if you could complete this Client Evaluation Questionnaire for our Fordingbridge hearing centre.

For each question or statement below, please tick the most appropriate column and, if you would like to, please use the additional space below to share your feedback with us.
